DR. KRYEER:—My wife has been afflicted with a bad ough and difficulty of breathing, for five or six years, which, for several years back, bad gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case, I procured some of your Pectoral Cough Syrup. I hought, the first time, a fifty cont bottle, which relieved her very much; I than called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WEEKLY OHIO STATESMAN HAVING A CIRCULATION

Dn. Kryka — Although not an advocate of Patent Mediches, in general, it affords me pleasure indescribable to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person who may it any manner be afflicted with coughs, colds and hoarseness of any hind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold. I have been, more or less, in my life, affected with the severest of coids and houseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above flyrup it would relieve me entirely.

In recommending this medicine, I must unhestiatingly say that it is the best remedy I ever found, purporting to cure the above, nor should any family be without this remedy for diseases so prevalent.

Yours, most respectfully,

EDWARD J. JONES,

the best medicine for the same that I have ever taken.

ONLY PREPARATION THAT HAS

STOOD THE TEST OF YEARS, And grows more and more popular every day!

And testimentals, new, and almost without number might be given from ladies and gentlemen in all grade, of society, whose united testimony nene could resist, that Prof. Wood's Hair Restorative will restore the haid and gray, and preserve the hair of the youth to old age, in all its youthful beauty.

Battle Grock, Mich., Dec. 21st, 1858.

Prov. Wood: Thee wilt please accept aline to inform the the that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, at tended with an creption on the bead. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from celd. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dellar boilte of thy Hair Ecutorative, about the first of Angust last. I have faithfully followed the directions, and the baid spot is now covered with hair thick and black, though short, it is also coming in all over my bead. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to perseverse in its use, and being destitute of means to purchase any more, I would ask thee if the woulds not be willing to small me an order on thine signits for a bottle, and receive to thyself the scripture declaration—"the reward is to those that are kind to the widow and the fatherless."

Thy friend. SUBANNAH RURBY

Ligonier, Nobie County, Indiana, Feb. 5th, 1599, Paor. O. J. Woods: Deer Nive-in the latter part of the year 1859, while attending the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced failing off very rapidiv. ANOTHER NEW CERTIFICATE—DR. REYSER'S PECTORAL SYEUF.—I had been troubled with a cough and cold for several weeks—so had was it that I could not sleep. I had the advice and prescriptions from three of the best physicians in the city, whom I could name, but do not do so. I finally procured a bottle of your Foctoral Syrup, which cured me entirely. 226 Liberty street, Pittsburgh, Fa., Jan. 9, 1820. the year 1852, while attending the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced failing off very rapidity, so that in the short space of six months, the whole upper part of my scale was almost entirely bereft of its covering, and much of the remaining portion upon the side and bean part of my hose shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiams, my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize me at all.

at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair would again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative mas recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one boutle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars worth of your Restorative, and as a result, have a rich cost of very soft black hair, which no money can buy.

As a mark of my grafitude for your labor and skill in "BTOP THAT COUGHING."—'How can I do it?" "Go to Keyser's on Wood aftest analogst a bottle of his Cough Pectoral, and If that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching periods of the year. And we can, from actual experiment, cheerfully concur in the adviser's admention as shove, for we have tried the "Pectoral," in a most stubborn case, with entire success. Near two weeks ago we went to Pituburgh, with one of the most distressing, contrary, mulish, unsubdashle coughs we ever experienced since our adventupon this mundance sphere. We coughed steadily and laboriously for one whole week, in hopes of this provided the same of the stage of the size, we coughed our way to Reyser's lets Weed St.—procupied a fifty cent bottle of the "Pectoral;" took it according to directions, and infecty-light hours we were massive of the field, the enemy having unconditionally surrendered, after a brief but mequal conflict with so formidable am adversary as Reyser's famous "Cough Pectoral."—Drounsville Chipper, Dec. 18, 1259. buy.

As a mark of my gratitude for your labor and skill in
